**Distribution Codes:** General Global

### TZIM POSITIONER - OBSOLETE

Effective immediately the production of the **TZIM** Analog positioner will be **discontinued**, the **TZIDC** smart positioner will be offered as **replacement**.

The demand for TZIM has declined over the last years to a level not viable to sustain production. The TZIDC on the other hand experiences healthy volume growth, with its unsurpassed value for money it has become the standard, the compact design and universal mounting of the TZIDC allows drop in replacement for the TZIM positioner.

The below table provides easy reference for cross over of existing TZIM model numbers to the recommended TZIDC model. Also shown is the available VIMS stock as of 01/06/06.

<u>TZIM model #'s in VIMS</u>	<u>Ex-Stock qty</u>	<u>Recommended TZIDC model</u>
18333-0-111120	8	V18345-2020120001
18333-0-111120	12	V18345-2020420001
18333-0-121120	0	V18345-2027420001
18333-111111	0	V18345-2020160001
18333-111121	0	V18345-2020460001
18333-121111	0	V18345-2027160001
18333-121123	0	V18345-2027460001

For any questions regarding the information contained in this bulletin or any other positioner questions please contact the undersigned.

Happy Selling
